

## Currently up for Adoption! Earl - Treeing Walker Hound

Earl is a 4-year-old Treeing Walker Hound. When I was found I was severely emaciated and only weighed 21 pounds. He has regained most of his weight 42 lbs but, could potentially be a 50 lb guy. Earl is being treated for heartworms. This sweet hound boy is a real laid back guy. He's happiest sitting in the yard, basking in the sun and watching the birds. Like any hound, the way to his heart is through his stomach. He loves solving food puzzles. When his belly is full he puts himself to bed. He is a delight and ready to find his forever family. He would be a good fit for any kind of family but would be happiest with a fenced in yard where he can just hang out.

## Currently up for Adoption! Rufus - Beagle/Cocker Spaniel Mix

Looking for a cool kid under 20lbs? Look no further than Rufus! He is a 7 month old beagle/cocker spaniel mix with a ton of energy and personality. He was born into the county shelter and the first 6 months of his life he was adopted and returned twice for no fault of his own both families moved and didn't take him with them. But enough sadness because he is ready to find his forever home. He would love to run, bike ride, hike or really anything that you want to do. He is an active little guy who is working on his leash manners and just wants to do everything at 100%. He loves dogs, cats, people you name it but when he gets excited to see them he can get a little loud. He is crate trained and enjoys one with a cover for kennel time. He is mouthy when he gets excited but he's working on it. His soft, curly coat will need regular grooming as he has minimal shedding but a continuously growing coat. ## Currently up for Adoption! Aila - Shepherd Mix

**Original post:** Hi, my name is Aila! I was pulled from Wake County Animal Shelter with my 4, 2 week old puppies. My puppies are now old enough to find their forever homes and so am I. I am a 45 lbs 3 year old female, not spayed yet but will be soon. I am completely up to date on vaccines. Prior to the shelter I lived outside my entire life with little to no socialization. I LOVE dogs and I would do best with a companion dog to help me get out of my shell. People on the other hand are very scary, with all their fast movements and loud noises I am not quite sure what to do but run away. I will need someone to continue my training to help me build my confidence and to really establish that people can be fun too. With just a few days of great people working with me, I am already figuring out that I LOVE the attention. I may not be confident or comfortable with cuddles yet but you keep telling me how good and pretty I am and I will be yours in

no time! I am a young dog so I love to wrestle and run with other dogs, so I am not that mindful of older dogs and will knock them down. I would be a great fit for another young adult dog like me to run and goof off with. I am wonderfully crate trained and definitely feel like it is my safe zone. I would love it set up to sleep in my crate close to you, until I am comfortable. If you allow me access to my crate I will take naps and go relax there when I want. I am very food motivated, so far my favorite thing is dehydrated liver!

**Today:** Are you looking for a new family member? Are you active and enjoy running and training? Do you have another dog that just needs a buddy? Look no further than Aila. She has come leaps and bounds from where she was. She now does not shy away from new people, she doesn't want attention from them but she doesn't tuck tail and run like she used to. She loves to work her brain with puzzles and playing with her doggie friends. She is going to make someone very happy. Her love is rationed to those that earn it. Once she trusts you she is yours! She is a 3 year old, spayed, shepherd mix, 42 lbs and up to date on all her vaccines.

Do you think Alia would be a good match for you? Submit an application at [www.allbreedanimalrescue.com](http://www.allbreedanimalrescue.com)

## Currently up for Adoption! Pablo - Longhair Chihuahua

Hi There!! My name is Pablo and I am a ~6 year old, neutered male, long hair chihuahua that weighs 10 pounds. I have a lot to learn about house manners and meeting new people. I like most everyone but I need slow introductions or I get a little barksy and stand offish. I am super sweet with my foster family which includes a 13 year old girl. While I like children I would do best in a home without children.

I love to play with toys and chew on yak milk chews and bully sticks. I have a toilet paper fetish so my new family has to remember to keep the bathroom doors shut. I really enjoy having a canine friend around to wrestle with. I'm coming along, slowly, on leash training but I go in and out a dog door in my foster home. I have so much potential and I am very smart. I just need someone with patience and who is a strong pack leader. My ideal home would have another dog or two, parents who will take the time to socialize me to show me how awesome the world can be, and a fenced in backyard. If I sound like the kind of fella you've been waiting for, please submit an application on our website,

Name: Stats and Sigmund Breed: Shih Tzu Estimated Age/Birthdate: 10/06/2007 Weight: 18 lbs Good with Dogs: yes Good with Cats: yes Good with men: yes Good with women: yes House trained: Working on it. Here is my story: We are Stats (lighter, bigger) and Sigmund (darker, smaller) and we MUST be adopted as a pair, no exceptions. We are 10 year old, neutered male, Shih Tzus. We are litter mates that were raised together in the same home for 10 years. We are totally and completely bonded to each other. Stats leans on me at little more than I do him. We were surrendered to a shelter and the person that left us there gave divorce as a reason. We were so, so, confused! We had children that we had known their whole lives ripped away from us. We love kids and really need a family with a few! We are both very good boys. We sleep on our foster mom's bed and don't make a sound. We do bark if we can't be with our people though. I require eye drops twice a day for the rest of my life due to dry eye, which is very common in the breed. If you think you can handle a couple of cuddly fellas that are just so sweet, please submit an application on our website, [www.allbreedanimalrescue.com/adopt](http://www.allbreedanimalrescue.com/adopt)

## Currently up for Adoption! Henry - Shih Tzu

Let's get to know me! I AM TOTALLY BLIND AND REQUIRE DAILY EYE DROPS Name: Henry  
Breed: Shih Tzu Miniature Poodle mix Estimated Age/Birthdate: 12/19/2010 Weight: 13.8 Good  
with Dogs: Yes Good with Cats: ? Good with men: Yes Good with women: Yes House trained:  
Yes Crate trained: Leash trained: Yes Must have a fenced in yard: YES Adoption Fee: \$225  
Date into Rescue: 12/11/2017

Here is my story: Hi There! My name is Henry and I am a neutered male. I am an 8ish year old  
Shih Tzu/Poodle mix. I was adopted from a shelter for 3 years, healthy and happy. I was  
returned to that shelter when I became blind. I had a problem that was not managed by my  
adopters and that is mainly why I am blind. I have been to an eye specialist and nothing can be  
done to restore my vision. My foster mom puts eye drops in for me a few times a day. She also  
says I am just about the perfect dog! I bark to let you know if I want or need anything. I can  
hold it until the cows come home. Take me outside and give me 5 minutes and I am done. I  
navigate my foster mom's bedroom and big bathroom but it took me a little bit to memorize it. I  
do admit though, I love to sleep in my foster mama's bed, she cuddles me and I just melt  
beside her. I am a love muffin! I need a home that has experience with blind dogs or is willing  
to take the steps to make sure I am a happy man for the rest of my life.

Are you the family I have been looking for? If so, please submit an application:

## Currently up for Adoption! Emmy - Chihuahua

Let's get to know me! Name: Emmy Breed: Chihuahua Estimated Age/Birth date: Weight: 5-7 lbs Good with Dogs: Doesn't mind dogs if they are respectful Good with Cats: Yes Good with People: Takes time to be comfortable very sweet once comfortable but still standoffish, want to House trained: Yes uses free access doggie door and will use a pee pad if needed Crate trained: Yes Leash trained: No Must have a fenced in yard: Yes as she isn't comfortable enough to be handled excessively for leash walking a fenced in yard and doggie dog is ideal.  
Adoption Fee: \$225 Date into Rescue: 5/5/2017

Here is my story: Emmy was found as a stray in Harnett County. Semi-feral with more of a shut down state than aggressive. After a year she has become comfortable enough to bark when spoken to and freely roam foster mom's house if she desired. She still prefers to seclude herself in a quieter portion of the house and will probably never be a lap dog. She is fully house trained and will use a pee pad if needed. Emmy will need a home that doesn't have much hustle and bustle to help her get out of her shell. Her future home needs to be respectful and allow her to gain confidence and become comfortable on her own time. She does not do well around children so only older respectful children to be considered for Emmy's forever home.

## Currently up for Adoption! Manny - Shih Tzu

Let's get to know me! Name: Manny Breed: Shih Tzu Estimated Age/Birthdate: ~6.5years  
Weight: 10 lbs Good with Dogs: yes Good with Cats: ? Good with men: Yes Good with women:  
Yes House trained: working on it. Crate trained: Yes Leash trained: Must have a fenced in yard:  
Yes Adoption Fee: \$250 Date into Rescue: January 27th, 2018

Here is my story: Hey There! My name is Manny and I am a ~6.5 year old, black and tan Shih Tzu! I'm a smaller guy, I only weigh 10 pounds! I am missing my left eye. I was surgically removed before I came into rescue. I have zero issues being a one eyed guy. I am a special fella that needs a special home. You see, I like to growl. I will ask my foster mama to pick me up and I sound like a Tazmanian Devil when she does, then I want to sit on her lap. Foster mama says it's weird, I say, I am just a little grumpy with a misplaced growl. I need someone who understands the Shih Tzu breed and how particular we can be. I love to play with squeaky toys and will throw them all over mama's bed and entertain myself. But, I have to admit, I like it when my foster parents play with me too. I just need a place to call my own where I can be me and get all the love I need. I've been in rescue for 2 years so I can find the right forever home, could that be you? If so, <https://www.allbreedanimalrescue.com/adopt>
